

MEET OUR TEAM AT ASPIRE

KAY YUE HE

EDUCATIONAL THERAPIST

Hello! Sincere greeting from Kay! I'm thrilled to be joining Aspire and interacting with the amazing children this year. I believe that with the effective communication and collaboration between our dedicated staff, caring parents and talented children, the growing and learning experience will be absolutely unique to everyone. I can't wait and am looking forward to meeting you all!

EDUCATION

I completed my Master of Arts, Education (Applied Linguistics) at Concordia University.

I also have experience teaching language and linguistic-related courses with various age groups.

FUN FACT ABOUT ME

I am a CRAZY animal lover and have two adorable bunnies!

I LOVE WORKING IN EDUCATION BECAUSE

...I love helping learners connect and build their cognitive perception towards acquiring knowledge. More importantly, I believe education is much more than the teaching itself - it's about exerting a positive influence on the learners and encouraging them to learn more independently and profoundly.

MY FAVOURITE THINGS

- Travelling
- Photography
- Video editing
- Food
- Meditation
- Reading
- Learning languages

IM MOST EXCITED ABOUT

The most exciting thing I expect for this school year is meeting the new faces - the children, the parents and my new colleagues! I hope we will overcome different types of situations and grow together as a team.

WORDS OF INSPIRATION

Shine! No matter if you are the sun, a star or a spark. Be unique. Be who you really are.

SEE YOU IN
SEPTEMBER
